Jayan, Srebegan, Ceper, Klaten, Jawa Tengah, Indonesia

I am a 4th semester student majoring in Informatics Engineering with a GPA of 3.75. In addition, I am also a student staff of the library division at the Faculty of Mathematics and Natural Sciences, Semarang State University. I am active in various organizations and communities developing teamwork and communication skills. In addition, I enriched my learning experience through freelance and internships in companies, strengthening my interest in cyber security and web development. My expertise goes beyond technology knowledge, including videography, design and programming languange.
